PRESS RELEASE

CANON CITY AREA RECREATION DISTRICT DONATES ICABONE POOL EQUIPMENT TO FLORENCE MUNICIPAL POOL

FLORENCE, Colo. (June 15, 2026) The City of Florence is pleased to announce that the Cañon City Area Recreation District has generously donated Icabone pool equipment to the Florence Municipal Pool. This contribution will directly enhance the pool's operations and recreation offerings for residents and visitors throughout the summer season.

The City of Florence extends its sincere gratitude to the Canon City Area Recreation District for their thoughtful donation and continued support. Their generosity is an investment in our community's youth, enriching the summer activities available to local families and contributing to the long-term vitality of the Florence Municipal Pool. This donation strengthens recreational opportunities throughout the region and reflects the shared commitment of both communities to promoting healthy, active lifestyles and sustaining facilities that serve generations to come.

"The City of Florence is excited and grateful to receive a generous donation from the Cañon City Recreational District in support of the Florence Municipal Pool. This contribution will benefit not only Florence residents, but the many families from across Fremont County and beyond who enjoy the pool each summer. The donation reflects the power of communities working together to support opportunities for our youth, families, and visitors. We sincerely thank the Cañon City Recreation District, Kyle Horn, and everyone involved for their generosity and partnership in helping ensure the continued success of this valued community asset. The support of the community is what keeps the pool going and I am so proud to say, we are open, and off to a great year! We hope you all enjoy the pool as much as we enjoy having it in Florence," stated Lori Cobler City Manager.

The City looks forward to continued collaboration with the Cañon City Area Recreation District and other partners who work together to enhance services and improve quality of life for residents across Fremont County.

For more information about the Florence Municipal Pool, including hours and program offerings, please visit the City's website.
